

- **Hayle** born and bred –I love this town.
- **Independent** – able to represent the whole community.
- **Effective** – I have delivered change, improvement and progress.
- Trustee of **Harvey’s Foundry Trust**.
- Trustee of **Hayle Pilot Gig Club**.
- **President** - Praze Hayle Male Choir.
- **Retired Teacher** - with the time, ability and experience to deliver for Hayle.
- A **Town Councillor** -providing an essential link between two councils.
- **Bard** of the Cornish Gorsedh.
- **Married** with two grown up sons.

I have never been a member of a Political Party. Political parties at County Hall cannot always vote for what is in the best interests of Hayle and Cornwall – I can and do!

I believe I have the political skill, determination, time and energy to make sure Hayle’s needs become a priority. I am keen to serve and seek your support and vote!

Although known as John the Ballot Paper will show David John - my full name

So, Please Vote  
**POLLARD**

Throughout my time as a Town and Cornwall Councillor I have dedicated myself to improvement and today the signs of progress are more positive than at any previous time. Cornwall Councillors must also work for the whole of Cornwall and for the last four years I have also been the Leader of the Council. Despite the huge problems this was a privilege, honour and opportunity to bring change and development to the whole Duchy, while at no time neglecting the residents of Hayle. I offer voters the chance to select a strong, experienced and hard working councillor who will continue to represent **YOU**, work for your ideals, raise your issues and help build an even stronger community.

I can only achieve this if you vote:

**POLLARD David John**  
**your Independent choice**

**POLLARD**

# John Pollard: seeking your support, building on success:

**Marine Renewables Business Park.** Chy Gallos, the Business Centre is up and running. The Wave Hub has been transferred to the control of Cornwall Council and the 'Enterprise Zone', designed to attract new companies to Hayle by providing tax breaks and business rate discounts, has started. Real investment, real progress, new jobs.

**North Quay.** The regeneration and repair of the quay areas in Hayle was one of the great successes of the last Council – can you remember what it was like just 5 years ago?? – run down and dilapidated. The next task is to see the areas of our quays developed in a sensitive manner and the future of our Harbour secured and protected.

**Loggans Mill.** As the rest of Hayle has improved, the historic Mill has remained a decaying eyesore at the entrance to our town. I am pleased to report that after many reports, detailed surveys and some investment by Cornwall Council we are now working with a Housing Association to save the Mill through an affordable housing scheme – progress at last!!

**Beach Access.** Working with the Town Council, the new access to the beach is one of my proudest achievements. Having conceived the idea, gained support from our partners and worked with Cornwall Council to get the funding, the Town Council completed the project. We heard from many of the aged and disabled to say they have been on the beach for the first time in years! Co-operation between Councils and the Community!

**Fire Station.** After campaigning for over 25 years, Hayle has its own Fire Station! It was also the first tri-station in the country; Police, Ambulance and Fire working together out of the same base. Local people employed in the fire service, a brand new facility and Hayle leading the way nationally- fantastic. Another example of Cornwall Council investing in Hayle.

**Community.** The Town Council, of which I am a member, has been very ambitious taking back its open spaces, running the toilets and looking to help protect our Library. This is all part of the Devolution process which I have promoted throughout Cornwall. I have used my **Community Chest** to award small grants to over 50 local groups and organisations and continued to protect our Town's Heritage through the Harvey's Foundry Trust.

I have been proud to serve as Cornwall Councillor for Hayle North for the last eight years.

I try to respond to residents' concerns quickly. **I always put Hayle first.**

We have to make sure that the improvement and renaissance of Hayle continues *BUT* in a sensitive way that reflects the will of the residents of the Town.

**Hayle is on the up!** There is a greater sense of hope and ambition in the Town than I have ever witnessed before. The clubs, associations and communities of Hayle have always been strong and positive and now this is being matched by the infrastructure and the facilities – but there is much more to be done to make sure that the better environment around the harbour is spread to every street and area of this wonderful town. Some felt that Hayle would never be regenerated – well it's happening! I will continue to work hard to bring progress and sensitive development to the Town. If elected I will strive to ensure we are all

*working together to build a better Hayle....*
